

Washington State Sexual Assault Kit Tracking System

Sexual Assault Kit Tracking System

Track-Kit provides start-to-finish Sexual Assault Kit (SAK) tracking to deliver accountability, transparency, and information sharing among all stakeholders.

Using a secure, web-based system customized to our state's requirements the tracking system is accessible to all users statewide.

Washington Administrative Code

WAC 446-95 became effective June 2, 2018. The complete chapter may be found at:
